22 November 2019

Dear Mr Mamak,

I hope this letter finds you well.

On behalf of everyone at Breast Cancer Haven, Hereford I would like to say a huge thank you to all the staff, pupils and families of Leominster Primary School for your wonderful donation of £452.50. This amount will help fund vital counselling and therapies for our visitors.

Here is a quote we received recently from a visitor, "Life is like a jigsaw puzzle. Sometimes it's complete and put away in the box, other days there are pieces missing. When you are diagnosed with breast cancer the box is shaken up and pieces are scattered everywhere. Visiting the Haven is like having someone to help you find all those pieces again. It may take a while but when you have them, you put them back into place with their support, being given new skills and tools. It may be a different shaped puzzle, but it's still yours. I will never be able to thank you all enough for what you have done and don't think you will ever fully know how much you help people."

Last year alone, the Hereford centre provided 360 visitors with 2,300 hours of counselling, therapies and classes. Put quite simply, we would not be able to do this without the generosity of our community and incredible supporters like you.

Yours sincerely,

A handwritten signature in black ink that reads "R. M. Godfrey".
