INTERNET SAFETY

PC Anna came in to talk to the year 5 children about Internet safety.

'It was really nice having a professional come in and teach us about the importance of staying safe online. We found it interesting to learn about the ages of games and we now know to check the age first. We learnt that if you post something online, it can stay there forever because people can share it and save it. We are now making sure that we are always safe online.'

TASTER DAY – 5L

5L had a fantastic time on their taster day at Earl Mortimer College. First, they created some art with a focus around the Euros - choosing particular colours, based on what they learnt. After this, they enjoyed a competitive PE session in which they really pushed themselves, showing determination, and had great fun. Many of them particularly enjoyed the food at break, too!

SCHOOL GROUNDS SAFETY

To ensure safety for you and your child on the school grounds please can children push bikes and scooters, please don't ride them in the grounds. A reminder to follow the red dots when exiting the school grounds. Thank you.
