Class 1MB recently enjoyed their class treat, brought in a teddy and wore their pyjamas whilst enjoying a film. A great time was had by all!

This term, year 5 are fortunate to be involved with a 'Hands Up For The Planet' interactive workshop, which focuses on energy use, climate change and sustainability. Children have developed a deeper understanding of carbon footprints and its impact on our planet. They have been immersed into many wonderful activities, including a television interview style drama activity and making typical African fuel efficient stoves. Year 5 children in 56CL will participate in this workshop later in the term.

## WORLD BOOK DAY

6 MARCH 2025

World Book Day celebrations, will be taking place on Thursday 6th March 2025. This annual event is a fantastic opportunity to celebrate authors, illustrators, and, most importantly, the joy of reading. To make the day even more enjoyable, we are inviting all children to come dressed as their favourite author or book character. In addition to dressing up, each class will participate in engaging activities linked to World Book Day. These activities are designed to enhance children's love for reading through fun, exciting tasks that will spark their imagination. As part of our celebrations, we are also organising a competition! We invite the children to design a scene from their favourite book. This is an excellent chance for them to express their artistic talents and showcase their understanding of the stories they cherish. Please ensure that all entries are submitted by Thursday 6th March.
