

Year 5 Autumn Term (1st half) Homework

READING

Your child's reading journey is monitored by us through the use of the 'Accelerated Reader' programme. Although there are some opportunities for them to read their individual books within the school timetable, it is crucial for them to read regularly at home. It is wonderful when parents/carers are able to spend some time sharing this experience with them, but we do ask, as a minimum, that you ensure your child reads for a sustained period (at least 20 minutes) at least 3 times a week - please sign or initial the reading record to help us monitor this and to gain points for your child and their class towards our YEAR 5 READING CHALLENGE - they will tell you all about this!

MATHS

In year 5, pupils should know all of their multiplication and division facts up to 12x12.

If they are not completely secure with all of these, it is essential that they continue learning and practising these, at home as well as at school.

TT Rockstars is still available as one resource to support this learning. The children will regularly complete TT Rockstars quizzes. We look forward to celebrating their progress!

SPELLING

Please learn and practise the spellings from your Read Write Inc group. These will be sent home at the beginning of each unit and the children will have a week to learn them.

TOPIC: Where has it gone?

Choose a place (town/city) in the UK that you have visited or would like to visit.

Present this information in any format e.g. poster, 3d model, leaflet, poem, etc. We can't wait to see your creations!

Due in date: Friday 1st October
